

ENZO GABRIEL SCHIAVONI

Electromechanical engineer

SUMMARY

I am a 25 years old Argentinean recently graduated, eager to gain experience in my field as an electromechanical engineer. I am currently living in Germany and have a visa that allows me to work in the country. I am a person that always wonders about how things work and that doesn't give up easily solving problems.

EDUCATION

UNIVERSIDAD NACIONAL DE LA PAMPA / INSTITUTO BALSEIRO - ARGENTINA - (2013-2019)

Electromechanical engineering career oriented to industrial installations, electric, mechanic, thermal and hydraulic machines.

In my last semester I attended to classes in [Instituto Balseiro](#), where I used physical system identification methods and control theory to design a self balancing robot ("[Implementing a self balancing robot](#)") (thesis grade : 1,6). In the other hand I had the opportunity to program a robotic arm where the goal was to manipulate objects using computer vision ("[Robotic arm using computer vision](#)").

ESCUELA NORMAL MIXTA - ARGENTINA - (2010-2012)

Secondary school orientated to Natural Science. (Final grade: 1,86).

WORKING EXPERIENCE

WORKING HOLIDAY VISA PROGRAM - IRELAND (SEP 2019 - AUG 2020)

With the goal to improve my language skills and learning about other cultures, I applied to an Irish visa that allowed me to live and work there for one year. In that period I worked in different areas such as in a mechanical garage and in a farm.

UNIVERSIDAD NACIONAL DE LA PAMPA - ARGENTINA - (AUG 2016 - FEB 2018)

Teacher assistant in Physics subject helping students.

TECNOMOTOR JP - ARGENTINA - (FEB 2012 - FEB 2018)

Assistant in an automobile workshop, where I learned about electronic fuel injection and automotive mechanic.

SKILLS

- **Software:** Solidworks, Autocad, Simulink, Matlab, C programming, PLC programming, MPLAB, Proteus
- **Languages:** English professional working proficiency. Spanish native speaker
